Southeast Asia’s First Research-to-Commercial (R2C) Event when the two worlds meet with the ground breaking innovations and world-class business leaders.
100 Innovations x Entrepreneurs

Today’s fast-moving technology and societal developments present complex challenges and opportunities. The Asian Institute of Technology (AIT), an international academic and research institute, is committed to transforming global aspirations into societal and business impact through innovation and collaboration.

To realize this vision, AIT is organizing the 100 Innovations X Entrepreneurs in collaboration with Thailand Tech Startup Association (TTSA) to bring together social and technology innovations and entrepreneurs from the industry, academia, development agencies, NGOs, as well as investors and venture capitalists in one creative environment to build and create meaningful collaborations with social impact.

The event will feature presentations from influencers and trailblazers, and interactive workshops from renowned experts, highlighting trending topics and their contributions to the Sustainable Development Goals.

We Bring Together the brightest minds from Social, Business, and Technological arenas to serve the exceptional well-rounded showcases.

We Push Forward the thought-provoking movements through all walk-the-talk sessions, workshops, and many more!
